My Utility Account

Watch Your Water Use with My Utility Account!

Step 1: Log into your online portal account or open the app.

USAGE

Step 2: Click this icon to open the Usage module.

Step 3: View and track your Hourly, Daily and Monthly water usage!

DID YOU KNOW?

Your AMI "Smart" Meter transmits encrypted water usage data wirelessly in real-time so you can watch for leaks and be aware of water usage even when you aren't home.

## How to View, Track and Get the Most From Your Water Usage Data

Monthly View*

*Desktop view of the online portal.

Gallons used on average per billing period.

Click to select the time period you want to view usage data for.

Use this chart to watch for spikes in water usage indicating a leak.
