	Location Information		Syster	n-Owned Portion		Custo	mer-Owned Portio	n	
Unique Service Line ID	Location Street Address	Identifier Other Location Identifier	System-Owned Portion Service Line Material Classification	Was the Service Line Material Field Verified?	Notes	Customer-Owned Portion Service Line Material Classification	Was the Service Line Material Field Verified?	Notes	Entire Service Line Material Classification
A Unique ID is recommended for each service line.	Water systems must track ad their internal inventory. For version, location identifier galvanized requiring replacer use addresses for their local could include GPS coordina block, or other details to spi	or the publicly accessible is are required for lead and ment. If the system does not tion identifier, other options tes, landmark, intersection,	Dropdown list includes recommended subclassifications. If "Non-Lead - Plastic Other", describe in Notes field	Select Yes or No	Can use this field for documenting additional relevant information, including when classification changes.	Dropdown list includes recommended subclassifications. If Non-Lead - Plastic other, describe in Notes field.	Select Yes or No	Can use this field for documenting additional relevant information, including when classification changes.	Dropdown list includes four required service line classifications of Lead, Non-Lead - Plastic, Galvanized Requiring Replacement, or Unknown
